

Asset Defence and Inheritance Tax Planning

Many older people are increasingly worried about the heavy costs of residential care. Local authority charges can quickly devour an elderly person's savings and estate.

Inheritance Tax is another major concern for thousands of people. Thanks to rising property prices, even modest homes can now result in an Inheritance Tax bill on death.

We specialise in asset defence and offer extremely economic solutions to these problems. We can ensure that you not only derive the maximum benefit from your savings, but also protect your assets to pass on to your children if you choose.

Don't leave it too late. The sooner you contact us, the more we can do to help and the less it costs.
