

Working With West Riding - Vacancies for Advisors

Are you: -

- Honest?
- Hardworking?
- Competent?
- Qualified?

And do you always have your clients's best interests at heart?

We are recruiting independent financial advisors and independent mortgage advisors throughout the North of England. Longer-term we plan to expand throughout the UK and beyond.

As a company we are keen on Compliance. The best Compliance however flows from the attitude of the advisor. If you work hard at keeping your knowledge up to date, if you are prepared to put yourself out for your clients and if you always try to get them the best deal, we would like to hear from you. We want colleagues who take a pride in their work and who want to earn their living by enhancing the financial well being of others. In return we offer a friendly and straightforward working environment with a generous remuneration package, mentoring and support to help you achieve your own goals in life.

If this sounds like you, please get in touch.

If you'd like to know more about West Riding, please check out the rest of this site. Our aim is that for the right people, there should be no better company to work with. On the other hand, if you are greedy and just want to sell insurance bonds to every client regardless of actual suitability, take over-the-odds commission up front and never see the client again, we recommend you go work for a bank. They seem to specialise in ripping customers off and with that mindset you should fit in nicely. At least you won't be giving IFAs a bad name.
